

Purpose of the Award

The Young Asian Biotechnologist Prize stimulates research and honors outstanding accomplishments in the field of biotechnology by young scientists in Asia other than Japan.

⇒ [Past Recipients](#)

Eligibility Criteria

Candidates must be actively engaged in research in the field of biotechnology as a staff of a private or governmental organization in Asian countries other than Japan, and must have their research work published in the *Journal of Bioscience and Bioengineering* in the past. The candidate must be 45 years of age or younger on January 1 of the year the prize is presented. The awardee is expected to submit the Young Asian Biotechnologist Prize Review to the JBB by the end of November of the award year.

Selection

One recipient shall be granted the prize annually by the board committee of the Society, upon the recommendation of the prize selection committee.

Prize

The awardee will be presented with a certificate and a plaque at the Annual Meeting, where the awardee delivers the Young Asian Biotechnologist Prize Lecture. Travel expenses to the meeting will be covered by the Society.

Nominations

Each member of the Society for Biotechnology, Japan is eligible to submit one nomination.

A complete nomination package should include the following:
